Each boat must have a U.S. Coast Guard horsepower rating plate attached to the boat by the manufacturer. Changing or altering standard factory parts of a contestant's engine to increase the horsepower over the factory horsepower rating is forbidden and will result in disqualification.

33.BOAT AND MOTOR: For the safety of all contestants during open practice and competition, ALL BOATS MUST BE MINIMUM OF 16 FEET IN LENGTH, PROPELLER DRIVEN AND EQUIPPED WITH AN APPROVED OPERABLE IGNITION KILL SWITCH AND LANYARD. No jet-propelled boats. No "barges" or similar craft will be permitted. NO BOAT EQUIPPED WITH "STICK STEERING" SHALL BE PERMITTED. "Stick steering" shall be as defined by the Tournament Director.

34.MANUFACTURER'S LANYARD/KILL SWITCH: Must be attached to the driver's body any time the combustion engine is operating. Any time the combustion engine is operating and in gear, there must be a driver in the driver's seat in full control of the boat. **Failure to use the above mentioned safety device will be subject to penalty up to and including disqualification from the tournament.**

35.NO RAISED PLATFORMS: Decks, other non-factory installed standing platforms or other objects may not be used in the boat for a platform or gaining an advantage of sight or overview of a fishing area. Standing on the outboard engine, coolers, or seats while fishing is not allowed. An electric trolling motor may be used for slow maneuvering. However, trolling as a method of fishing is prohibited. Use of such items is grounds for immediate disqualification or lesser penalty as determined by the tournament director or proxy.

36. ALL BLADDER TANKS AND AUXILIARY GAS: Any other type of AUXILIARY gas tanks that are not installed by the boat manufacturer are prohibited. Additional gas tanks that are factory options and installed by a manufacturer's authorized dealer are permitted. Boats that do not have factory installed gas tanks are restricted to a maximum of 18 gallons of gasoline in tanks that meet U.S. Coast Guard regulations. Gas tanks must be properly secured or strapped in a boat. No portable gas tanks or containers capable of holding gasoline can be placed anywhere on the tournament waters or shoreline for use by any tournament contestant. Gas must be purchased from a retail gas station.

37. BASIC BOAT EQUIPMENT: During open practice (Championship), **sanctioned activity**, and competition, every boat must have all required Coast Guard safety equipment as well as a functional bilge pump. During open competition, every boat must have LIVEWELL SPACE, PROPERLY AERATED, TO ADEQUATELY MAINTAIN ALIVE A LIMIT CATCH OF BASS FOR

TWO CONTESTANTS. TBF recommends live wells be maintained at full level and aerators/recirculators on manual. Tournament officials shall have the sole responsibility for determining whether aeration and capacity is proper and adequate.

38. BOAT IDENTIFICATION: Prior to each day's start, each boat MUST be inspected by a tournament official. Teams will be assigned a boat number according to their take off position.

39. CONTESTANTS MUST REMAIN IN BOAT: During the competition days; contestants must not depart the boat to land fish or to make the boat more accessible to fishing waters. Boats must remain in tournament waters during tournament days. Contestants must leave from and return to official checkpoints by boat. Contestants must always remain in the boat except in case of dire emergency. There are then two permitted methods of returning to the check-in: (1) by both anglers remaining in their boat and being towed by water, or (2) by one or both anglers entering the boat of another tournament contestant. Boats must be properly secured and stationary. Contestants must notify the tournament director as soon as possible. Under these two conditions contestants' catches may be counted without a penalty (except for late penalties, dead fish penalties or other penalties pertaining to other tournament rules).

40. RESTROOM BREAK: In the event of a needed restroom break partners can leave the boat. All fishing must cease until both team members and the captain return to the boat.

41. REPORT AN EMERGENCY OR BREAKDOWN: Contact a tournament official by phone or other means or to report an emergency or breakdown, contestants must cease fishing at this point and their catch must be verified by a tournament official in order to be counted in the tournament. If after the emergency is resolved by tournament officials and enough time is left for the contestant to resume fishing, a RESTART may be allowed, and the contestant will continue, and their catch will be counted. This applies only to emergency situations as determined by the Tournament Director or his designee.

At the moment a team notifies the Tournament Director of a breakdown or emergency, the following applies:

- a) The team must immediately begin a continuous, unedited video recording of their livewell(s) on their cell phone or other device. This recording must remain uninterrupted until a tournament official arrives or the Tournament Director confirms the team via live video call.
- b) No fish may be culled, released, added to, or removed from the livewell from the moment the breakdown is reported until the catch is officially verified by a tournament official.
- c) If the official cannot reach the team in person, verification may be conducted via live video call, provided the video feed is uninterrupted and the official can confirm the fish count and condition. The official must verbally record the count and state it clearly on the call.
- d) Any break in the video recording — for any reason — results in the forfeiture of that day's catch.

Emergency Boat Transfer Protocol: When a team is authorized by the Tournament Director to transfer to a replacement vessel, the following steps are mandatory and must be completed in order before any fish are moved:

1. The Tournament Director or a designated official must be physically present at the transfer location, or must observe the entire process via live video call with no interruption.

2. The replacement boat captain must verbally disclose to the Tournament Director, on the record, whether they were on tournament waters that day and, if so, whether they were fishing. Any undisclosed prior fishing activity is grounds for disqualification of the transferring team.
3. A designated official (or the Tournament Director via live video) must visually inspect all livewells on the replacement vessel and confirm they are empty and contain no fish before the transferring team boards.
4. Immediately following the inspection, the official must document the empty livewell on video. The video must remain running, without interruption, through the entire transfer of the team's fish from the original livewell to the replacement vessel's livewell.
5. Once the transfer is complete, the official must re-inspect the replacement livewell and count the fish on camera. The count must match the team's reported fish count at the time the breakdown was reported.
6. Any fish count discrepancy — even one fish — results in forfeiture of that day's catch. The burden of proof is on the team to demonstrate their catch is accounted for.
7. The tournament director's authorization, the replacement captain's disclosure, and the fish count must all be documented in writing before the team is permitted to continue fishing.

If a new captain will be taking over due to the emergency: Prior to the Tournament Director approving any substitute boat captain, the substitute must complete a verbal or written disclosure covering: (1) whether they were on tournament waters at any point that day; (2) whether they were fishing during that time; and (3) whether any fish were caught and what happened to them. A substitute captain who was actively fishing on tournament waters on the day of the tournament may be denied by the Tournament Director. If approved despite prior fishing activity, the Tournament Director must document the disclosure and apply the Emergency Boat Transfer Protocol (see Emergency Procedures section) in full. Failure to disclose, if discovered before or after the tournament, is grounds for disqualification of the team.

42.TOWING BOATS: On trailers during tournament hours is prohibited, except by the direction of tournament officials. When partners check out at the beginning of the day, they must stay together and within sight of each other and their catch throughout the day except in case of emergency.

43.OFFICIAL CHECKPOINT: There shall be only one official check point for check-out in the morning, and one official check-in point in the afternoon which will be designated at the tournament briefing. Failure to go through boat check and check-out in the morning or failure to check-in at the check-in point in the afternoon may result in disqualification. At the time of check-out, all contestants and their boats shall be in full conformity with all rules set forth by the Tournament Director. At check-in, all boats shall identify themselves by means of the numbers assigned for that tournament and proceed immediately to the designated weigh-in area. Operational navigation lights must be illuminated from takeoff to the first stop of each day. Contestants who do not display operational navigation lights will be moved to the end of the blast off line. Their check in time will remain the same.

44.SCORING: Tournament standings and final winners shall be determined by the total weight of each contestant's catch during the competition days of the tournament.

45. THE OFFICIAL LENGTH FOR BASS: Shall be determined by the Tournament Director and announced at the Tournament Briefing. THERE WILL BE NO MINIMUM LENGTH FOR BASS UNLESS A RESTRICTION IS SET BY LOCAL REGULATIONS. ALL BASS WILL BE MEASURED ON A FLAT BOARD WITH THE MOUTH CLOSED. ONLY BASS AS DESCRIBED ABOVE WHICH MEASURE THE OFFICIAL LENGTH OR MORE ON THE LONGEST STRAIGHT LINE WITH THE TAIL PINCHED OR SWISHED SHALL BE WEIGHED. Bass presented for weigh-in which fail to measure the official length shall result in loss of that bass and a penalty of one (1) pound for each such bass presented. Penalty shall be deducted from the total score of the contestant. Any bass that appears to have been mangled, mashed, mauled, or otherwise altered may be weighed and credited only at the discretion of tournament officials.

46. BIG FISH: No dead bass will be eligible for Big Bass awards or prizes. Each contestant will automatically be entered into the big fish option.

47. MUST PRESENT ALL LEGAL FISH: After contestants check in at the official checkpoint, they MUST present all LEGAL fish in their possession to a tournament official to be counted, measured and weighed. Contestants may not cull or discard any fish in their possession once they have checked in at the check-in point. Once a contestant's catch is measured, counted, and verified by a tournament official, that contestant may not return to the boat until their catch has been weighed and recorded.

48. CULLING TAGS or clips are allowed. Puncture-type cull rings/tags are not allowed in competition. Specially designed bags that increase survival rate will be furnished by the Tournament Director and must be used for the weigh-in.

49. CATCH AND RELEASE: CULLING OF DEAD BASS IS PROHIBITED. A dead bass shall be defined as unable to freely swim under the water and away from the boat within 30 seconds of being released. Any team that culls a dead bass will be subject to automatic disqualification. No dead bass will be eligible for Big Bass awards or prizes. For each legal dead bass presented to weigh-in officials, the contestant shall be penalized 0.25 pounds per dead fish to be deducted from their daily score. Dead fish determinations will be made by TBF staff member(s) in charge of the bump tank. Contestants will not argue, yell, demean, use profanity, or be disrespectful in any way toward this ruling. The Tournament Director or his/her designees shall have sole authority for assessing penalty points.

50. LATE PENALTY: Contestants who are not at the official check-in point, as described at the appointed time shall be penalized at the rate of one (1) pound per minute late to be deducted from the total weight of his/her catch that day, including any weight to be counted toward a "big bass award." Any contestant more than 15 minutes late shall lose all credit for that day's catch to include point's credit. There shall be no excuse for tardiness and in no case shall a contestant be allowed to make up "lost time." After proper recognition at the check-in point, contestants will be allowed ample time to proceed to the weigh-in site; however, all fishing must cease upon check-in. After the tournament begins, fishing the tournament waters is prohibited except during tournament hours. Exact starting and check-in times will be announced at the Tournament Briefing. It is the angler's responsibility to confirm check-in times each day.

51. RULE OF TIME KEEPING: The official time is always kept by the Tournament Director once open practice has begun. For the rule of timekeeping until the official clock reads the following

minute, contestants are not considered late for that minute in question, i.e., 3:00:59 is not considered late. 3:01 is considered one minute late, etc.

52.TIE BREAKERS:

- **INDIVIDUAL CLUB EVENTS/ OPEN QUALIFIERS:** Will be determined by the big fish weight.
- **CHAMPIONSHIP:** In case of ties for the championship, the tiebreaker will be determined by the (1) largest single day's weight, (2) if the tie is not broken, largest number of legal fished weighed during competition, (3) if the tie is not broken, the next tiebreaker will be the largest number of legal live fish weighed during competition, (4) if the tie is not broken, the next tiebreaker will be the biggest fish from either day. If the tie is not broken by applying the foregoing procedures, the tie will remain a tie. Monetary prizes for each contestant will be awarded in equal amounts. Angler of the Year points will be awarded for the place of the tied position and each contestant will be awarded equal points.

53. BIG FISH- In the case where two contestants are tied with the weight of a big fish. TBF will combine the prizes of equal value for those places and divide them equally by the tied contestants.

54.CHAMPIONSHIP INVITATIONAL QUALIFICATION:

- The top Ten teams from each open qualifier will receive an invitation.
- The top 10% of Juniors and High schoolers from the Pilot Club will receive an invitation. If a National Invitation is extended, each angler must complete a minimum of three community service projects, two of which are in coordination with Phoenix Junior Bassmasters and/or Arizona High School Bassmasters. (If anglers do not have the required community service, the Tournament Director shall work down the qualifying list of anglers who meet the community service requirements before extending the invitation to those who did not complete the required community service. **It is the responsibility of both team mates to ensure community service points are completed prior to the deadline/championship invitational at the direction of the tournament director.**
- TBF reserves the right to work down the qualifying list to ensure a full field at the Championship Invitational.
- TBF reserves the right to invite sponsor exemptions for the Championship Invitational.

55.RULES VIOLATIONS AND APPEALS COMMITTEE: An appeals committee will be established by TBF which shall be composed of the tournament director and a minimum of 4 contestants from the advisory board in the event in question. Appeals for penalties assessed must be presented in writing 48 hours from the time and date of ruling to the Tournament Director. Appeals hearings shall take place within seven (7) business days from the date of receipt of the written appeal and all parties must make themselves available at prescribed time of hearing. If contestants admit to a rules violation, they may not file an appeal of either the finding that they have violated the rules, or the penalty imposed for the violation. Decisions of the appeals committee shall be final. Contestants may be allowed to compete under appeal. However, penalties assessed will remain until final ruling by the Appeals Committee. Contestants may be allowed to compete under appeal for penalties assessed until final ruling by the Appeals Committee. Appeals of non-competition rulings must be presented in writing to the Tournament Director within 48 hours from the time and date of ruling for review.

56. MEDIA: All official contestants of an event are required to cooperate with the media personnel that cover the event. Contestants do not have the option of not being filmed or interviewed during the official event days. TBF personnel must be granted access and be able to board any contestant's boat at will. Any act deemed by TBF officials to have the intention of preventing media coverage will result in disqualification from the event. Contestants must fish in an area that is accessible by TBF staff, media, and camera personnel as deemed by the tournament director. As a general rule TBF views this as a 20-foot fiberglass bass boat with the motor trimmed down under its own power. If contestants have any questions, they must approach the tournament director.

57.LOGOS AND/OR SIGNAGE: Contestants are encouraged to wear their own clothing, which may bear patches, logos, and other signage promoting the angler's sponsors. TBF may, however, restrict the use of patches, logos, signage, etc., which are, in TBF sole judgment, in poor taste. **Examples of poor taste include but are not limited to: tobacco, alcohol, drug, profanity, and nudity either worn or exhibited by a contestant.
